WHY SHOULD YOU VISIT EGYPT

Egypt has consistently been ranked as one of the top destinations to visit year after year by the world's travel experts. Egypt's popularity is rapidly growing further in recent years due to the restorations of ancient temples, the upcoming opening of the Grand Egyptian Museum, and the exciting new archeological discoveries being made.

Egypt is a world of its own, one that has continued to reinvent itself through its attractions, culture, and food for the past 6,000 years. No matter who you ask, Egypt is a bucket list destination. It is a country that appeals to every type of person as it is the land of hidden gems, marvelous monuments, breathtaking views, and remarkable history.

EGYPT IS SO MUCH MORE THAN PYRAMIDS

You'll probably want to visit the oldest and only surviving ancient wonder of the world, the Great Pyramids of Giza. Without a doubt, it's one of the main attractions that amazes us each time we see it. However, experiencing the pyramids is only a snippet of the exciting journeys and amazing memories that form one's story in Egypt.

It may surprise you that Egypt is a thriving beacon of arts and culture, a flavorful scene of diverse cuisine, a holy land with majestic deserts and mountains waiting to be explored, and a beautiful coast to beaches with vibrant reefs. Expo Egypt provides its guests with the opportunity to capture this essence and experience Egypt's excellence like never before.

CULTURE & CUSTOMS

IMMERSE YOURSELF IN OUR COUNTRY

Egypt's culture is diverse, with each region adhering to its local heritage. You will experience our cultural commitment to tolerance and hospitality throughout the entire country.

WHAT TO PACK

It is advisable to wear light cotton clothing during the warmer months (April to September) and a light jacket for the evenings during the cooler months (October to March). However, our guests come from all around the world and are used to different temperatures; please refer to the Weather and Temperature Guide (on pg. 8), to know what you are more likely to be comfortable wearing.

- Blouses/shirts with long sleeves to protect you from the sun
- Short sleeve cotton t-shirts and tops
- Personal toiletries, sunscreen, lip balm, and insect repellent
- Hat and sunglasses
- Comfortable walking shoes
- Camera
- Bring a book or arrange all your favorite Netflix downloads for the long journey to Egypt. You'll want to do it ahead of time to not burn your internet data

DRESS CODE

There is no formal dress code in Egypt for tourists. However, we do have recommendations for respecting the culture around you. We encourage people to dress modestly. A good rule of thumb is to cover your back and shoulders outside the hotel. As most of our experiences require a decent amount of walking, we highly recommended bringing comfortable walking shoes. For outdoor experiences, we recommended bringing a hat and sunglasses for protection against the sun. Beachwear should only be worn at the beach or the pool area of a resort, hotel, or cruise ship.

- Visiting Mosques
 - Men and women will be required to take off their shoes (keeping socks on is allowed) or cover their shoes using the plastic covers that are usually provided by several mosques. Women are generally required to cover their hair with a scarf.
- Helpful Tips
 - If you plan on riding camels by the Pyramids, we advise you to wear slacks or jeans. If someone offers you to wear a headdress, do not be tempted to accept the offer and politely decline.

PHOTOGRAPHY

- Photographing Locals
 - As a gesture of respect, it's customary to ask for permission when taking a photograph of locals. Usually, Egyptians are welcoming, others might be camera shy, so it's always nice to ask them first.
- Equipment
 - If you plan to travel with digital photographic and/or video equipment, pack the specific charging apparatus for each piece of equipment (as well as the appropriate socket plug adapter and voltage converter if required).
- Restricted Areas
 - There are historic sites where it is prohibited to take photographs and where you may need to buy an additional ticket to take photos. It is illegal to take pictures of police or military personnel.
- Drones
 - Drones are illegal and will be confiscated at the airport.

ALCOHOL AND DRINKING

- Alcohol is legal and available in hotel outlets, nightclubs, bars and some restaurants.

CURRENCY & PAYMENTS

MONEY IN EGYPT

The official currency of Egypt is the Egyptian pound (abbreviated as LE or L.E). \$1 USD equals approximately 18.25 LE.

◦ **Exchanging Currency**

- Banks and money exchange bureaus can be found throughout Egypt, and all major hotels will also readily exchange currency for guests.

◦ **Card vs. Cash**

- American Express, Visa, and Mastercard are all accepted in Egypt. However, we highly recommend you carry cash for purchases made in local areas. The official currency is the Egyptian Pound, but US dollars are usually accepted at tourist sites.

Gratuities are discretionary and optional. However, Egypt is a tipping culture, where tips are commonly referred to as "baksheesh." Here are the general expectations for tipping in Egypt; the table below can be used as a quick reference:

LANGUAGES

TALK LIKE AN EGYPTIAN

The official language of Egypt is Arabic. Each part of Egypt has its own unique dialect, but the most common dialect spoken is Egyptian Arabic, which was influenced by the ancient Egyptian language, French, Turkish, and Italian.

Nubian, an Ancient African language, is only spoken in Aswan.

The Ancient Egyptian language is no longer spoken, except in its final form, the Coptic language. It is still recited today in Coptic Orthodox Churches, to which about 10% of the population adheres to; but generally only Clergy and Egyptologists understand it.

TRANSPORTATION

GETTING AROUND

VIA EXPO EGYPT

In all our experiences, Expo Egypt can handle all your transportation needs, including transportation from the airport, between sites, and domestic flights. International flights can be done upon request.

ON YOUR OWN:

We highly recommend you use Expo Egypt's travel and transportation services.

If you would like to travel on your own, the following are the methods of doing so:

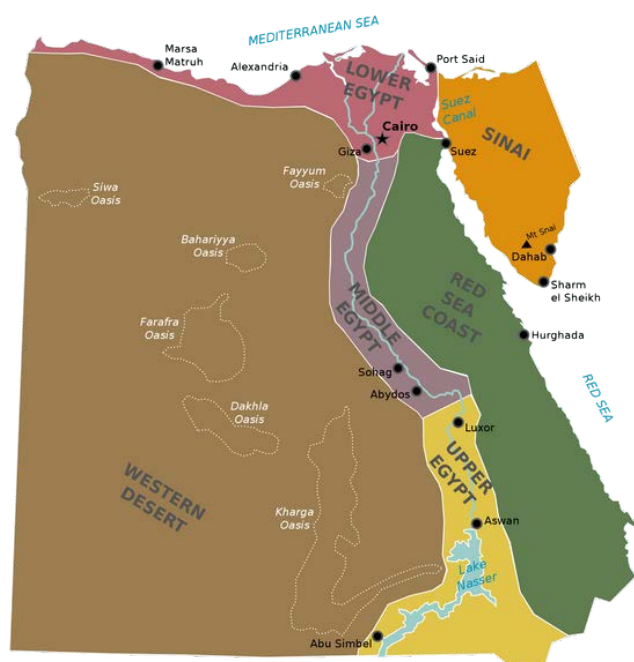

Ride-sharing Apps: Uber and Careem are reliable ride-sharing platforms, only available in Cairo and Alexandria. The drivers usually don't know the routes that well, so don't be surprised if a journey takes longer than estimated.

Regular Taxi (White Taxi): Before entering a cab, ask and ensure the meter is working. Expect some reckless driving, especially in Cairo.

Trains: Whether it's a short trip to a neighboring city or crossing the country on a sleeper train, Egypt's air-conditioned trains will take you to your destination while enjoying the beautiful scenery of the countryside.

Buses: Egypt has a comprehensive network of bus services linking all major cities, districts, towns, and villages. The most popular and reliable company is GO BUS. Expo Egypt also has a fleet of buses and vans through our partnerships.

Flights: When possible, we recommend flying. The main airport is the Cairo International Airport (CAI) which connects us to the world and ties all our domestic airports together.

ACCOMMODATION

YOUR HOME WHILE YOU'RE HERE

Egypt's hotel standards are one of the highest in the world. The average 3 or 4 star tends to be a higher standard than in that of the United States. Many of the 5-star hotels in Egypt are former palaces of past rulers of Egypt and have accommodated world leaders and celebrities over the centuries. Hotels on the Red Sea, such as Hurghada and Sharm El-Sheikh, tend to be all-inclusive, while The Nile cruises and Dahabiyas are always all-inclusive.

Marriot Mena House - Cairo
 Old Cataract Hotel - Aswan

 Winter Palace Hotel - Luxor

STAYING CONNECTED

- **Getting a SIM Card:** Expo Egypt can help you get a SIM card at one of the top carriers in Egypt upon arrival.
- **US Carriers:** Most US carriers offer \$10 a day unlimited call and text, with some data. It is recommended to check with your carrier for details before you travel.

FAQS

COMMON QUESTIONS, ANSWERED

Is Egypt Safe?

Yes. Egypt has a very low crime rate compared to other countries, and there's also a good amount of security around touristic attractions; the government makes an exceptional effort to keep tourists safe. (see pg. 7)

How do I avoid getting scammed/ in trouble?

Like any buzzing touristic destination, there are opportunists that will take advantage of visitors. We recommend that you stay close to your Expo Egypt guide as much as possible; they will take care of you and shield you from any harm or hassle. In the event that you can't be with an Expo Egypt guide and are met with pushy sellers, be firm when saying no and walk away; understand that nothing is "for free," as this is a strategy used to lure people in. Most Egyptians are kind, friendly, and helpful, but visitors should be just as cautious as they would be in their home country.

Do I need a visa?

Find the country of the passport(s) you hold to determine if you need a visa to visit Egypt. (see pg. 17)

Can I bring a drone to Egypt?

No. Drones are illegal in Egypt and will result in confiscation at the airport.

What vaccinations are required for traveling to Egypt?

None. To enter Egypt, you'll only need to show that you have taken a negative PCR test within the last 72 hours, printed out on paper with a QR code. Or you can show your PCR vaccination information with a QR code.

What electrical plugs and voltage are used in Egypt?

Egypt has a voltage supply of 220V, and the plugs are the 2-round pin type common throughout Europe and other countries. You can purchase the adaptors from Amazon or any electronics store.

Is alcohol available in Egypt?

Yes! Alcohol can be consumed in restaurants and bars. Most restaurants will not serve alcohol unless they are in a tourist area or a hotel. (see pg. 10)

Can I travel in Ramadan?

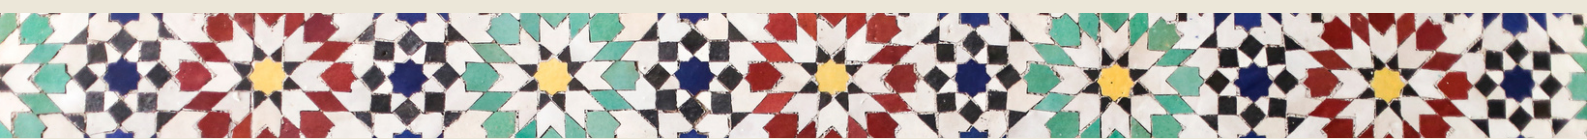

Yes. However, during Ramadan, some sites might close earlier than usual. Most of our experiences are done early in the day, so your schedules or experiences won't be affected.

Can you accommodate special dietary requests?

Expo Egypt will make its best effort to accommodate any dietary requests and restrictions at no additional charge. Please notify us about it before your trip.

When is the best time to visit Egypt?

We recommend visiting Egypt any time during the year. The high season for traveling to Egypt is September to March. (see pg. 8)

We look forward to welcoming you to Egypt!
